COPPER SALTS**

USE: POOL ALGAEICIDE. BACK UP PROTECTION TO CONTROL ALGAE. CAN BE USED IN CONJUNCTION WITH CHLORINE TREATMENT TO GIVE ENHANCED PERFORMANCE AND PROTECTION.

FIRST AID – If medical advice is needed, have product container, label or SDS at hand.

IF ON SKIN (or hair): Remove all contaminated clothing immediately. Rinse with running water. Wash contaminated clothing before re-use. Call Poison Centre or Doctor/Physician.

IF IN EYES – Rinse cautiously with water for several minutes; Remove contact lenses, if present and easy to do so. Continue rinsing. Immediately call a Poison Centre or Doctor/Physician.

IF SWALLOWED – Drink water. Do NOT induce vomiting. Seek immediate medical attention.

IF INHALED – Remove to fresh air. Seek medical attention.

National Poisons Centre – 0800 764 766

IN EMERGENCY – Ring 111 then ask for ambulance for medical help or fire for major spills.

WARNING May be harmful if swallowed, in contact with skin or inhaled. Causes skin and severe eye irritation. May cause an allergic skin reaction. May cause damage to organs through prolonged or repeated exposure. Toxic to aquatic life with long lasting effects. Wash all parts of body thoroughly after handling. Do not eat, drink or smoke while handling. Wear protective gloves and eye/face protection. Avoid breathing mist, vapours or spray. Use only outdoors or in a well ventilated area. In case of inadequate ventilation wear respiratory protection. Contaminated work clothing should not be allowed out of the work place. Avoid unnecessary release to the environment. Store locked up. If spillage occurs, contain using earth, sand or other inert material. Collect and dispose of according to local regulations. Do not allow to enter waterways.

HAZARDOUS SUBSTANCE – Complex Copper Salts

HSNO Approval: HSR002684 – Water Treatment Chemicals (Subsidiary Hazard) Group Standard 2006

HSNO Classifications – 6.1E, 6.3A, 6.4A, 6.5B, 6.9B, 9.1B

Compatible with all pool treatments

POOL GUARD PLUS directions:

Pool-Guard Plus is the superior product for back-up protection to control algae. Pool-Guard Plus is used in conjunction with chlorine treatment to give enhanced performance. So when your chlorine levels are low algae cannot get a foot hold. Pool-Guard Plus Back-up protection.

Although Pool-Guard Plus controls algae, an effective chlorine bactericide such as **Pool-Treat Liquid, Granular** or **Maxi/Multi Tabs** should also be used at the recommended dose rates to ensure your pool is hygienic and healthy for swimming.

mLs of Pool-Guard Plus	INITIAL	MONTHLY POOL LITRES	HIGH ALGAE
